

These are course choices available as of January 1, 2018. These classes will only be placed on the master schedule if enough students enroll. Classes listed on this sheet are not a certainty. In addition, the final course offerings for the 2018-2019 school year are projected based on our current staffing and budget. Changes based on the actual 2018-2019 school budget could impact final course offerings. A reminder – you are selecting a course – not a teacher. Select the class that you want – not the teacher. If we have multiple teachers teaching the same class, students will not have a choice as to which teacher they prefer. We will not make schedule changes because you did not get the teacher you wanted. In addition, you are selecting a class – not a class period. You will not be able to adjust your schedule due to the period.

On Wednesday, May 9th, all students will receive a hard copy of their 2018-2019 schedule.

Changes may be made from May 9, 2018 - May 25, 2018 at noon.

No level changes/teacher changes/period changes/additions will be honored during the 18/19 school year.

Students may only DROP classes in the fall. No classes may be ADDED. All sophomores must have at least 7 classes.
