MyTech is the grant that is providing all NHS students with a chromebook! This is an amazing opportunity for our students, but we will need your support to keep things running smoothly. For more information about the program as well as the parent handbook, please go to their website: MyTech.dpsk12.org

→ Your student is expected to bring their chromebook to school everyday fully charged! ←

If they do not have their device or it is not charged, they will see Ms. Cenicerros in the library in order to get a loaner. **They will have to trade their phone for a loaner device!** Ms. Cenicerros will keep track of the number of times a student requires a loaner device.

→ Your student is expected to use the chromebook appropriately & follow teacher directions! ←

Teachers will manage chromebook behaviors in class, but habitual inappropriate and insubordinate actions will result in disciplinary action.

Remember that **all activity on DPS chromebooks are filtered and monitored.** Extreme inappropriate content and activity will be reported and handled by the proper authorities. If you choose to plug your phone into the device, all content is shared with DPS.

Make sure to report any issues with the device to Mr. Kutz ASAP.

Please encourage your student to behave properly and handle their devices respectfully!
